I, Detective Daniel W. Frazier #5180  
(Name and identify law enforcement officer, or person having information as probable cause.)

knowing that false statements on this form are punishable by law, state that the facts contained herein are true.

I have probable cause to believe that on 08-31-2019, at 73<sup>rd</sup> St and Indiana Av in  
(Date) (Address)

Kansas City, Jackson Missouri Larry Dodds  
(County) (Name of Offender(s))

B/M 11-06-1997 committed one or more criminal offense(s).  
(Description of Identity)

The facts supporting this belief are as follows:

On 08-31-2019 at 1819 hrs, officers were dispatched to 73<sup>rd</sup> St and Indiana – Noble Park – Kansas City, Jackson County, Missouri in regard to a shots fired call. While in route officers were updated that the call was now a shooting. Upon their arrival they were advised two victims had been transported to area hospitals via personal vehicles. It was later learned a female victim and male victim were transported to the hospital where the female victim was pronounced dead and the male victim was in critical but stable condition. When Officers arrived at 73<sup>rd</sup> St and Indiana they were directed to a large Pavilion located in the north west area of the park. In the Pavilion was food from what appeared to be a large cookout as well as purses, bags, baby bottles and diapers. In the center of the Pavilion was a single spent .45 caliber shell casing. Along the west side of the pavilion was a large pool of blood. A search of the area around the Pavilion revealed four (4) spent .45 caliber shell casings in an area south of the Pavilion. North of the pavilion near 73<sup>rd</sup> St three (3) spent .45 caliber shell casings were located. The Jackson County Medical Examiner’s Office ruled the victim’s death a homicide and advised the victim was shot in the upper right side.

Two witnesses were contacted who were present in the pavilion when the shooting occurred and stated the following:

The first witness stated that while a family cookout was in progress which had dozens of children and adults present. Two black males that they believed were distant family were also in attendance after being invited to the cookout through an uncle that was already present at the party. The two black males were sitting at a picnic table within the pavilion. The witness described one of them as a black male, thicker in size, with a short “afro” hairstyle wearing a white t-shirt. The second black male they described as a younger black male, thinner, with long dreadlocks, and a white t-shirt. The male victim was near the two black males rapping (music) with other family members when the two black males interjected themselves and began to “trash talk” the male victim at which point an argument started. The two black males brandished handguns causing the male victim to turn and begin running northbound from the pavilion towards 73<sup>rd</sup> St.. Immediately the black male with dreadlocks began chasing the male victim shooting multiple times at him while they were both running. At the same time the black male with the short afro style hair began to shoot multiple rounds along the south side of the pavilion. A few seconds later the black males both ran to a nearby vehicle and left the area in an unknown vehicle and direction. While this was going on the witness advised that adults and children were running all directions trying to get to safety. When the witness looked back at the pavilion they noticed the female victim lying on the concrete under the pavilion bleeding. The witness also advised that they could not tell what the suspect vehicle looked like or the direction it traveled because at that time everyone that had been in the pavilion were grabbing children and trying to run to safety and leaving the area. A family member then loaded the female victim into a car and drove towards the hospital.

The second witness stated that while at a family cookout. They observed two black males that were distant family at the gathering. They knew the black males were distant family because they had seen them in the past at different family functions although they did

not really know them. The two black males were sitting at a picnic table within the pavilion. The witness described one of them as a black male, thicker in size, with a short "afro" hairstyle wearing a white t-shirt. The second black male they described as a younger black male, thinner, with long dreadlocks, and a white t-shirt. The male victim was near the two black males rapping (music) with other family members when the two black males interjected themselves and began to "trash talk" the male victim. During the trash talk the black male with dreads acted like he was going to hit the male victim which escalated the confrontation and at which point the two black males brandished handguns causing the male victim to turn and begin running northbound from the pavilion towards 73<sup>rd</sup> St.. Immediately the black male with dreadlocks began chasing the male victim shooting multiple times at him while they were both running. At the same time the black male with the short afro style hair began to shoot multiple rounds along the south side of the pavilion in an unknown direction. A few seconds later the black males both ran to a nearby silver vehicle and left the area northbound on Indiana Av. The witness noticed the female victim lying on the concrete under the pavilion bleeding. The witness also advised that they could not tell what the suspect vehicle looked like because of the chaos at that time everyone that had been in the pavilion were grabbing children and trying to run to safety and leaving the area. A family member then loaded the female victim into a car and drove towards the hospital.

During the investigation an anonymous source advised detectives that the black male with the short afro was known as Larry Bennett on Facebook and the black male with the dreads was known as [REDACTED] on Facebook. The source believed they were either brothers or cousins.

Detectives located both Facebook pages which were preserved for possible evidence and through police databases were able to identify the Larry Bennett on Facebook as Larry Dodds JR B/M 11-09-1997 and [REDACTED] on Facebook as [REDACTED] B/M 12-05-2002 (Juvenile). With those names two separate photo arrays were created and shown to the two above witnesses.

The first witness reviewed a photo array which contained Larry Dodds and quickly positively identified Larry Dodds as the black male with the short afro and shooting a gun on the south side of the pavilion. They also reviewed the second photo array which contained [REDACTED] and positively identified [REDACTED] as the black male with long dreads and chasing after the male victim northbound shooting at him while running, likely striking the male victim.

The second witness reviewed a photo array which contained Larry Dodds and quickly positively identified Larry Dodds as the black male with the short afro and shooting a gun on the south side of the pavilion. They also reviewed the second photo array which contained [REDACTED] and positively identified [REDACTED] as the black male with long dreads and chasing after the male victim northbound shooting at him while running.

Also during the investigation information was developed that some parts of the family gathering were documented via video and posted to Facebook Live. Those videos were obtained by the police department and reviewed. While reviewing the video dozens of kids and adults are observed spending time together in the Noble Park pavilion. The deceased victim is seen sitting in a chair near a south west picnic table rapping to friends and family. Sitting across from the victim was a black male with a short afro and a younger black male with long dreads next to him. Seen sitting on the black males with dreads lap is a young black female who was unable to be identified. No arguments or shooting is captured on the video.

On 09-10-2019 an associate of Larry Dodds was contacted. That associate confirmed that Larry Dodds who they calls "Ls" was the black male seen on the Facebook live video sitting at the picnic table across from the female victim with the short afro. The associate also advised that the male victim was known to associate with a group of people that were thought to have killed a friend of Larry Dodds in KCK a week or two prior and indicated that could have been what escalated the argument.

On 09-14-2019 Larry Dodds was arrested. He was transported to Police Headquarters for questioning and waived his Miranda Rights. When asked how he arrived at the party Dodds requested his attorney at which point the interview was stopped.

Dodds poses a threat to the community because he was willing to use a weapon in a crowded pavilion, surrounded by people and children uninvolved in his altercation with the male victim in this case. Despite the presence of those people and children, Dodds fired his weapon multiple times, striking and killing the female victim. Dodds additionally has plead guilty to two felonies in the past, both as part of case number 1516-CR00181. One of those felonies was resisting a lawful stop, indicating that Dodds is a flight risk. In

addition, the current charges are serious, and put Dodds at risk of a lengthy prison sentence, providing an incentive to flea. Based on his criminal history, incentive to flea and behavior in this case making him a threat to the community, a warrant should be issued.
